

# Jamie Goettler

---

*Chief Revenue Officer, BTX Precision*

Jamie Goettler is the Chief Revenue Officer at BTX Precision, one of the fastest growing contract manufacturing organizations in North America. BTX serves its customers in Aerospace, Defense, Semiconductor, Medical and other end markets by acting as an extension of their customers' engineering and manufacturing teams. Today, BTX consists of six unique business units with a total of twelve advanced manufacturing locations. Featuring a broad capability set which includes complex machining, metal additive, sheet metal fabrication, welding, and precision grinding; BTX serves the prototype, NPI and production needs for its customers.
