

# **Nimbus Services, Inc.**

Collaborative Computing • Innovation Edge

## **Schoeller Porter**

### **President**

Schoeller Porter, President, is responsible for managing the tactical operation and strategic execution for Nimbus Services' vision of providing cloud-first state-of-the-art platforms for solving complex digital engineering problems for DoD and commercial customers. In his role, Schoeller oversees Business Development, Product, and Engineering.

Schoeller has more than 25 years of experience in corporate and product management, sales and business development, engineering and product development, and customer support in the high-performance and technical computing, data analysis, cloud, and artificial intelligence industries. Schoeller holds a Master of Business Administration and a B.S. in Aeronautical and Astronautical Engineering from the University of Illinois at Urbana-Champaign.
