

# Sam Thevanayagam

---

*Parts Life, Inc.*

Sam Thevanayagam is the president and CEO of two companies, Parts Life, Inc. and DeVal Lifecycle Support, focused on aerospace and defense systems. Parts Life, Inc. provides obsolescence and supply chain solutions to extend the life of mission critical assets. DeVal Lifecycle Support is a sba certified HUBZone corporation, manufacturing support equipment for the DoD for 70 years.

Born and raised in a Christian home in Sri Lanka, Sam's parents' example fostered his faith, teaching him the power of unconditional love. Today, He and his wife, Danilyn, carry this love on to their five children.

Sam moved to the U.S. in his early 20's and received a BS from Oral Roberts University. As a TEDx speaker and author Sam uses his book, "The First 10 Runs in Singles: Life Lessons from the Game of Cricket", as an outreach tool to teach about leadership, business, and faith globally.

With a focus on servant leadership and the goal of creating God-honoring content, Sam's leadership philosophy is to create an environment where others can achieve their God given potential, defy their critics, and thrive in the face of adversity.
